From: Sharon Wojda, Assistant City Manager

Subject:
Information pertaining to accrual rates for city employees

Strategic Focus Area: Service Excellence

Strategic Objective: N/A

Strategic Plan Action Item: No

Key Work Item: No

This Council presentation will be an informational update as follow up to the April 14 and May 12 General Government Committee meetings related to sick and vacation accrual rates for City employees.

Staff originally planned to present amendments to the Personnel Resolution at this meeting in advance of formal adoption by Council on June 16th. Given that past meetings were only held at the Committee level, staff is recommending an informational update to the Committee of the Whole, with related personnel resolution changes to be presented when Council meetings resume in August 2025.
