

TROSA Triad Community Outreach Summary

TROSA, in cooperation with the current owner of The Commons, have done a wide range of community outreach during the past three months. This has included:

- January 15 & 16: door-to-door outreach to neighbors with information about TROSA and invitation (*outreach letter #1 attached*) to several upcoming Community Information Sessions and tour of TROSA Durham
- January 18: Community Information Session #1 (attendee list attached)
 - o 14 attendees
 - Representatives from:
 - Neighborhood
 - United Health Centers
 - Forsyth County Commissioners
 - Goodwill NWNC
 - United Way
 - Samaritan Ministries
 - Winston-Salem Rescue Mission
 - The Winston-Salem Foundation
 - Prominent Topics:
 - General overview provided (general overview attached)
 - Discussion around neighborhood and community involvement of TROSA
 Durham (neighborhood impact attached) (Current/previous Durham Mayor letters of endorsements attached)
 - Discussion around TROSA Durham's history and relationship with neighboring schools (CPSC letter of endorsement attached)
 - o Concerns:
 - A concern around The Commons property neighboring schools. The concern was addressed by providing examples of how TROSA Durham has operated for 25 years in Durham with properties that border schools and have had zero incidents or issues.
- Late January letter (outreach letter #2 attached) to over 150 residential neighbors (mailing list attached) inviting them to all Community Information Sessions #2, 3 & 4, and Tour of TROSA Durham
- February 5: Community Information Session #2 (evening) (attendee list attached)
 - o 7 attendees
 - o Representatives from:
 - Neighborhood

Re: Commons property located at 1430 Felicity Lane Winston-Salem, NC

On behalf of the North Carolina Housing Foundation, Inc. ("NCHF"), regarding our sponsorship of the Commons property located at 1430 Felicity Lane in Winston-Salem. The board of directors of the Commons recently voted to explore the possibility of transferring the property to TROSA, a 501(c)(3) nonprofit organization based in Durham. The purpose of this communication is to invite you to join us for a presentation at the Commons presented by TROSA.

This is an opportunity to learn more about TROSA's endeavor to transform the Commons into a life-changing asset to our community. We encourage you to come out and ask questions and to consider joining us for a scheduled bus tour of the TROSA Facility in Durham, NC.

Included with this invitation, you will find a brochure which details information about TROSA and the programs in which they offer.

GOOD NEIGHBORS TROSA's Neighborhood Impact

TROSA has been a member of the Durham community for close to 25 years. During that time, we have made an effort to be a positive and contributing member to both the immediate surrounding neighborhoods and the City of Durham.

Central Park School for Children

February 14, 2019

To Whom it May Concern:

We are writing to offer our highest endorsement for TROSA as the neighbor of a North Carolina public school. TROSA has been Central Park School for Children's neighbor in downtown Durham for sixteen years. Along the way they have consistently done three things to improve our neighborhood community: Improved Safety and Community Accountability, Increased Community Services, and served as an Anchor for Community Redevelopment. Let me expand on how TROSA has achieved all three:

Improved Safety: TROSA has been a positive physical presence along the three acre Old North Durham Park, a city park that we share. This park that was once a popular place for drug use, dog fights and prostitution, has transformed in the two decades of TROSA involvement and upkeep of the park to become one of the safer City Parks. Their daily community presence and upkeep of their facilities has improved the safety of our neighborhood through their continual positive community presence.

Increased Community Services: TROSA has served many roles in our community that are vital for a sustainable neighborhood. They offer an affordable moving service that has moved us year after year for both internal and external moves. TROSA provides affordable cleaning and maintenance Services. For our first decade as a Public School they offered reliable, cost effective and excellent Custodial care for our 30,000 sq. ft. campus. Their professionalism and community spirit shows in the pride they take in all of their services. Additionally, they volunteer continually at our community-wide events — sometimes with teams of twenty TROSA residents providing logistical support and hours of work to make some of our big events possible.

Anchor for Community Redevelopment: TROSA has been a non-profit stabilizing force for a neighborhood community in transition. TROSA contributes to community health, design and provides multiple services to its community. Investing in a community's citizen growth and potential is at the heart of TROSA's work. They are a significant investor in our community's human capacity building and physical infrastructure.

On behalf of Central Park School for Children, we strongly endorse TROSA as a positive engine and committed neighbor for community health and growth.

Sincerely,

John Heffernan, Director

Kristin Pearson TROSA, Inc.

Dear Ms. Pearson,

TROSA has been a tremendous asset to Durham in its many years in our community. The neighbors in the immediate vicinity of TROSA's main campus and its satellite properties are uniformly impressed with the safety of their neighborhood with TROSA there. Any initial fears that neighbors may have had with the arrival of TROSA have not materialized. In my many years on the city council and now as mayor, I have never heard a single complaint about TROSA from any of its neighbors.

On the contrary, Durham residents regard TROSA as one of our local treasures. It is an incredibly successful long-term treatment program for people in recovery, and many of those people have taken their place as constructive residents of the Durham community after their graduation from TROSA. I have been to many events at TROSA including their graduations, and I am always struck by the amazing work that TROSA staff does and with the success of its program for so many people.

Finally, the various TROSA businesses are a real asset to Durham as well. Almost daily I hear that someone has used TROSA's moving company or shopped at the TROSA store. The work ethic of TROSA's residents is well known and highly respected. In short, I am thrilled to be able to recommend TROSA to any community in North Carolina. TROSA is a great neighbor and a wonderful community institution.

Best Wishes,

Steve Schewel

TO Whom It May Concern:

I am pleased to write this letter of recommendation for TROSA, Inc. under the leadership of its Founder, President and CEO, Kevin R. McDonald. As a person who grew up in Winston-Salem, NC, and finished the public schools (Woodland Elementary; 14th Street School and Atkins High School), I was very glad to hear that TROSA is considering establishing a satellite campus in the TRIAD and specifically in Winston-Salem.

As a former member of The Durham Board of County Commissioners (1982 – 1994; 1996 – 2000 and Chairman 1982 - 1994) and former Durham NC Mayor (2001 – 2017) I am very much aware of TROSA's positive accomplishments and service to the Durham community.

I was Chairman of the Durham Board of County Commissioners when TROSA was funded by the County Commissioners when they first came to Durham. The County Commissioners were proud to be among the first organizations to make a financial contribution to assist them in getting started in our community.

TROSA has been a great corporate citizen in our community in many ways and has successfully grown many cottage industries (i.e. Moving & Storage; Lawn Care; Thrift Store, Tree Lots and construction) employing their residential clients. The result has been to produce many successful recovering substance abusers, who have obtained vocational and educational training while at the same time obtain a level of health care. I have personally seen and met many of their graduates who continue to work and live in our community. They are making positive contributions to our community. Our company (UDI/CDC) is one of TROSA's longtime clients in lawn care and has been very pleased with their service.

I have been privileged to attend and speak at their graduation and to witness the ecstatic joy of achievement of the TROSA graduates and their family and friends who were in attendance.

In closing, in my opinion, if TROSA were to establish a satellite campus in the TRIAD, the community would be well served by its presence. More importantly their clients would be well rewarded as they matriculate through their recovery period as TROSA clients.

Feel free to contact me if there are answers to further questions that you think I may provide or be of assistance.

Sincerely,

William V. "Bill" Bell

Being involved when TROSA came to Durham was one of the greatest gifts I have ever received.

My initial involvement was in advocating for grant funding from the private sector for this major initiative to address drug related issues. Later, as mayor of Durham, I was able to observe the incredible impact of the visionary decision to bring a therapeutic community model to our city. Having started out working to get grant support and it has been my pleasure to have made personal donations every year since.

TROSA's transformation of an old elementary school into their first home and later rejuvenation of an abandoned industrial site are analogies to their work with residents. In every case, through hard work and an awareness of the need for structure, they transformed two properties into contributing features of their neighborhoods - and hundreds of lives from conditions of drug, alcohol and general health abuse to conditions of possibility that amaze their own families.

Among the benefits I never anticipated was the effect TROSA residents had on neighborhoods. Their acquisition and redevelopment of homes and apartments for program "post graduates" created islands of calm and evidence of care that is too often missing in parts of the city that are in decline. Support of those post graduates helps keep those folks moving forward and inhibits the potential threats to the success of graduates seeking to rejoin community life.

After I was elected Mayor, my first public meeting was a graduation of a few of TROSA's early graduates. These events were designed to recognize two or three men and women who were completing their two-year program and to celebrate with the mothers, fathers, siblings and children the return of their loved one to society - and to their family. Now the quarterly graduations are for many more men and women, but the message of a graduate that night in 1997 still rings clear in my mind.

"I have never finished anything before but a prison sentence," Jesse said. If there is any necessary return on investment in this program, I saw it in his mother's smile that night.

TROSA is an incredible asset in a world starved for practical, self-supporting, responsible, comprehensive, effective and innovative approaches to substance abuse and its negative effects.

Sincerely,

Nicholas J. Tennyson

Mayor, City of Durham, 1997-2001

TROSA as a Neighbor

GIVING BACK

Community-mindedness comes naturally to TROSA. Our recovery program is based on a therapy model in which helping others is a core tenet.

In 2017-2018, TROSA residents volunteered more than 2,200 hours in the community.

WHERE HAS TROSA VOLUNTEERED?

- Opioid abuse awareness
- Arts & culture festivals
 - Civic group events Road races for charity
- Operation AirDrop for hurricane relief (pictured)

It was truly a privilege and honor to work beside (the TROSA) team and I will cherish If for the rest of my life."

SAFETY

TROSA has been a stabilizing factor in the reighborhoods where we have a presence.

In 2013, we added two large dorm buildings to our campus in a residential neighborhood at 1820 James St. in Durham, moving 50 individuals on probation into these new spaces.

Comparing crime statistics in the neighborhood for the 5 years prior to this expansion with the 5 years since, we found:

Expansion to the Triad: Future Plans

- Based on nearly 25 years of experience, we believe further growth of Durham TC is not sustainable
- operational and overhead costs down for the new campus, Using a satellite campus approach, we can keep certain making it more sustainable long term
- Target size for new campus is 100-125 individuals in first few years, with future expansion to bring capacity to about 200
- Selected Triad for several reasons, including:
- Two of top five most served counties are Forsyth and Guilford
- Proximity to Durham operations
- Excellent potential for health care and higher education partners
