

**RESOLUTION DECLARING SELF-CONTAINED BREATHING APPARATUS AIR  
CYLINDERS AS SURPLUS AND AUTHORIZING THEIR DONATION TO THE  
SKULL CAMP FIRE AND RESCUE DEPARTMENT**

**WHEREAS**, the Skull Camp Fire and Rescue Department has requested the donation of certain self-contained breathing apparatus air cylinders (the “Cylinders”) to be salvaged and repurposed for training rather than destroyed; and

**WHEREAS**, North Carolina General Statute 160A-280 authorizes a City to donate to another governmental unit or a nonprofit organization within the United States any personal property, including supplies, materials, and equipment, that the governing board deems to be surplus, obsolete, or unused; and

**WHEREAS**, the Cylinders are no longer of use to the Winston-Salem Fire Department due to its transitioning to an alternate type of cylinder and the Cylinders have a combined estimated value of less than \$200.

**NOW, THEREFORE, BE IT RESOLVED** by the Mayor and City Council of the City of Winston-Salem that, pursuant to North Carolina General Statute 160A-266, the Cylinders are surplus to the needs of the City and that the donation of the Cylinders to the Skull Camp Fire and Rescue Department is hereby authorized upon the execution by the appropriate representative of the Skull Camp Fire and Rescue Department of an “Acknowledgment and Waiver” acceptable to the City.
