Hi Zach,

Thank you for the update. Just so that I am clear, you had a meeting with Councilmember Larson and City WSDOT staff onsite? Were neighbors also present?

Thank you,

Elizabeth

Hello Elizabeth,

The meeting went well. John showed up and between him and the parking guys cooler heads prevailed. I think there are some legitimate, if not exaggerated concerns that ultimately don't really have anything to do with me. The city is going to start by coming by and enforcing some setbacks from the intersection with signage and then if the residents (particularly the 500 block of Wachovia) want to do anything additional then they are free to submit a plan to the city if they can agree on one.

All the best,

Excellent, let me know how that goes, if you have the time.

Hello Elizabeth,

Thanks for the update. I'll likely be meeting with Mr. Fansler Tuesday with some of the residents.

Zach,

Yes, you are off to City Council, with assigned homework to get with WSDOT and the neighbors regarding on street parking. Reach out to me if you need anything. The WSDOT staff person referenced last night is Jeff Fansler, he is the Assistant Department Head, his contact info is below.
