Gregory M. Turner, Assistant City Manager

Subject:

Research Percent for Art ordinances as a possible funding mechanism for the City's public art program

Strategic Focus Area: Livable Neighborhoods

Strategic Objective: 3. Support Public Art/Community Appearance

Strategic Plan Action Item: 3.1.1 Present a set-aside policy for City construction projects

Key Work Item: No

Summary of Information:

A typical Percent for Art ordinance allocates one percent of the budget of eligible Capital Improvement Program projects for the purposes of the development, administration, and maintenance of public art. A Percent for Art ordinance for the City of Winston-Salem could more intentionally include public art in Capital Improvement Projects, including bond projects. See attached information memo.
