From: Aaron King, Assistant City Manager
Jeff Fansler, Director of Transportation

Subject:

Information on the North Carolina Department of Transportation's Project to Replace the Bridge Pair on NC 67 (Silas Creek Parkway) over Salem Creek (B-5950). (Southwest Ward)

Strategic Focus Area: Quality Transportation

Strategic Objective: Improve Integrated Road Network

Strategic Plan Action Item: No

Key Work Item: No

The North Carolina Department of Transportation's (NCDOT) Division 9 staff is managing the B-5950 project that will replace the bridge pair on NC 67 (Silas Creek Parkway) over Salem Creek. The project is programmed in the State Transportation Improvement Program (STIP) and is currently in the project development stage. Replacement of these bridges will likely cause traffic concern and impact the service of the Winston-Salem Transit Authority (WSTA). The NCDOT project team will be present to discuss the project in more details, the traffic impacts, and associated mitigation efforts during construction. The attached presentation will be presented, and staff will be available for any questions that follow.
