2. Explain a time when your college/university collaborated with the local community and how this experience both students and the public

Winston-Salem State University is an open campus so any outdoor event whether it be a proba or a breast cancer awareness seminar the public is welcome. This was a wonderful experience because it gave us as students an opportunity to get to know the people of the city better and gave them an opportunity to feel like we weren't thinking that we were above them.

3. What change/effect do you plan to have on the local community before you graduate?
