The city of Winston Salem planning board,

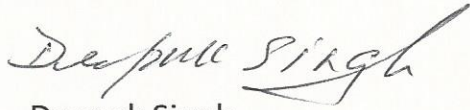

RF: Case #W-3390

My name is Deepak Singh .I bought this property 6 years back and put lots money to remodel and made salon and spa. This is best place for salon and spa Business because it's historical value and easy access from anywhere.

This is the place where 8 (Eight) Independent women's are working very hard to making living for their families.

Business will be killed, people will be unemployed and my property values will decrees if city pass this zoning request for "AARF". This kennel outfit is not suitable for this area.

I like to oppose and request this planning board to decline this REZONNING W-3390.

Deepak Singh

To the Winston Planning Board,

In reference to Docket #W3390

Hanes Town has always been a quiet and pleasant place to live and do small business. We need to preserve this and look forward to maintaining that and its' historical value to the City.

Thusly, we do not feel a 4000 sq.ft. "Kennel" is in keeping with that goal. While we appreciate what AARF represents, we view its endeavors to be better suited outside of a "neighborhood".

Please help us keep our investments safe and not rezone for this project.

Sincerely,

The Hanes Town Business  
and Residents
