**Subject:** [EXTERNAL] Petition W-3527 697 Salisbury Ridge Rd -opposed to refining

As a resident of Washington Park, I am OPPOSED to the approval of the application for rezoning of the above residential lot for commercial purposes.

The proposed restaurant will not serve the nearby residential community and it is locating in a residential location. We should be doing everything possible to preserve the residential area.

I agree 100% with the issues raised and recommended denial status in the petition.
