City of Winston-Salem
Department of Transportation
100 East First Street, Suite 307
Winston-Salem, NC 27101

Sir or Madam,

Based on recent information provided by your department regarding decorative streetlighting options for our subdivision (Legacy at Ardmore Apartments), the developer/owners of Cloverdale Legacy LLC reviewed and selected the Deluxe Traditional LED style lighting mounted on direct buried fiberglass poles. We understand that the decorative adder charges, which at this time are quoted from Duke Power Company and must be paid upfront by the organization. We understand that Duke Power will provide the cost for this decorative adder charge as well as any installation charges and that Duke's charges are subject to change without notice.

We also understand that a contract for this system will be taken to City Council for approval. This contract shall be for the electrical service cost difference and administrative charges and will be an annual recurring payment for as long as the lights are in place. Please prepare the necessary paperwork required to proceed with this request as soon as possible. Thank you for your assistance.

Sincerely,

A handwritten signature in blue ink, appearing to read "Matthew Rankin", written over a light blue horizontal line.
