North Carolina Domestic Preparedness Region (DPR) 5 has offered the Winston-Salem Fire Department a 100% reimbursable regional grant opportunity through the Office of Emergency Management.

This will be a \$75,000 project and will be for three Deployed Logix Rapid Shelters, each consisting of an 18' x 16' shelter, including lighting, wiring, anchors, insulation, flooring, HVAC unit, and transport case. As the project host, the Winston-Salem Fire Department will purchase all three sets of equipment, keep one set, and "subgrant" two sets to other counties in the DPR.

Deployed Logix Shelters are designed to operate as field hospitals, command centers, triage & treatment areas, rehab tents, decontamination areas, relocation shelters, mortuary units, etc.
