Subject: [EXTERNAL] rezoning case #W-3493

Dear Sir:

I am writing to ***Vehemently oppose*** the construction of 170 new homes that will extend Farmingdale Avenue across Kernersville Road. I moved out here in 1972 when this area was still part of the county. There were 10 houses on this street, not counting the farm. Then we were annexed, then the Swaim farm at the end of the street was sold and turned into a housing development, the residents of which think, once they get out of that development, they are on a race track!!! It is not unusual to see cars zooming past at 65 mph! I often cross the street to my daughter's house and, I swear, some of them speed up to see if they can hit me!!!! We have been inundated with developments encroaching on the wooded area east of Farmingdale Ave., pushing the wildlife (snakes, deer, coyotes, foxes, groundhogs, raccoons, possums, etc.) into our backyards. There are now several housing developments both directions on Kernersville Road. A new bypass is coming a mile down Kernersville Road. We are wondering how we are going to get to Kernersville to conduct business then, and to add more congestion and more cars and more pollution and more crime is just UNTHINKABLE! Please STOP the MADNESS!!!!

Sincerely,

Janice K. Browning
