

Information Item

Date: October 9, 2018

To: The City Manager

From: Damon Dequenne, Assistant City Manager
Toneq' McCullough, Director of Transportation

Subject:

Update on the 2014 Bond Sidewalk and Child/Pedestrian Improvement Project and the Annual Resurfacing Projects.

Strategic Focus Area: Quality Transportation

Strategic Objective: Expand Bike/Sidewalk/Greenway Network

Strategic Plan Action Item: Yes

Key Work Item: Yes

Staff was asked to provide an update on the 2014 Bond Sidewalk Projects and on the Annual Resurfacing Projects. The 2014 Bond Sidewalk projects are listed below in four categories.

- (1) Complete: Projects listed as “Complete” have been constructed and are available for use by the pedestrians.
- (2) In Progress: Projects listed as in “In Progress” are either currently being constructed, or have all funding sources available and are in various stages of design. Most of the projects in this category required federal or state funding and were delayed until federal funds could be secured through the competitive application process. The Department of Transportation staff is now working through hiring consultant engineers to manage this work.
- (3) Cancelled: Projects list as “Cancelled” have been cancelled by City Council at the request of residents living along the proposed route.
- (4) Postponed for Future Funding: Projects listed as “Postponed” for future funding remain on the sidewalk list but have been delayed until future funding sources are identified. Bid prices for completed sidewalk projects came in much higher than expected, which then required that these projects be postponed or delayed for future funding.

Completed Projects

Road Name	Ward	Limits
Chandler Street	E	Barbara Jane to Old Greensboro Road
Gerald Street	E	Addison Avenue to New Walkertown Road
Slater Avenue	E	Gerald Street to Addison Avenue
25th Street	N	Thurmond Street to Kirkwood Street
27th Street	N	University Parkway to Collins Street (south side)
