

Feb 23

I own property on Sunset Dr,
and I strongly oppose building
a quadplex at the corner of W. Reading
and East Street.

We are in a historical area and
adding a new building for apartments
would not help our neighborhood.

Rental property can be detrimental
in a number of ways; adding more parking
on the street, more trees trapped and the
fact that apartment renters do not contribute
to the owner neighborhood if they come
and go.

If Ms. Baker wants evidence from
the property, she should rent it as
a single family home, who wants to
live next to an apartment block or
across the street from it. I can
sure she doesn't in a lemon's

I strongly urge the planning comm.
to vote no on the petition since
it would double all the surrounding
property.

Thank you.
