National Register Historic Districts

The house at 840 Shoher Street is a 1953 Minimal Traditional style contributing house in the West Salem Historic District. The house is a one and a half story with a side gable roof and asbestos shingle siding. It has a gable-roof entry porch with square paired posts. From the photos of the site, it appears to be severely deterioration.

If demolition for this structure is approved, Historic Resources staff requests that the Community Development Department have the structures professionally photo-documented and submit the photos to the Forsyth County Historic Resources Commission.
