

W-3392 Vulcan Lands, Inc – 885 Pinebrook Knolls Drive

On November 7, 2018 from 5pm to 7pm, a neighborhood drop-in meeting was held at the Vulcan Materials Company office located at 4401 Patterson Ave. Invitation letters were sent to property owners within 500 feet of the subject site. Two (2) neighbors attended the drop-in meeting. An aerial exhibit displaying the site location and a color rendered site plan of the special use permit plan request was shared with each attendee. The neighbors did not express any opposition to the proposed plan and attended to gather information.

Respectfully submitted,

Luke Dickey
Partner/Senior Project Manager
