

DENIAL  
STATEMENT OF CONSISTENCY WITH COMPREHENSIVE PLAN W-3642  
(SCG-SUMMIT STATION, LLC)

The proposed zoning map amendment from LB-S (Limited Business – Special Use) to LB-L (Limited Business – Limited Use) is generally inconsistent with the recommendations of *Forward 2045* and the *West Suburban Area Plan Update (2018)* for ensuring that development does not negatively impact surrounding development. Therefore, denial of the request is reasonable and in the public interest because the proposed additional uses could potentially generate additional traffic along Jonestown Road.
