**TO:** Mayor Joines, Mayor Pro Tem Adams, and Members of City Council  
**FROM:** Angela I. Carmon, City Attorney  
**DATE:** February 10, 2021  
**SUBJECT:** Additional edits to City Code Section 26-6  
**CC:** Lee D. Garrity, City Manager

During the Public Works Committee's discussion of the proposed amendment to City Code Section 26-6 relating to exemptions to curbside service, CM Larson posed a question regarding language in the code that references, in part, the city's bulk container collection program which was eliminated effective January 1, 2019. In researching the question, it was determined that while the program was terminated effective January 1, 2019 that not all references to the program had been effectively removed from the code. Consequently, the draft ordinance presented to the Public Works Committee has been revised to delete the additional reference to the bulk container collection program found in 26-6(j). This additional edit is essentially a code clean-up item. Should you have any questions, please do not hesitate to let me know.
