

NEIGHBORHOOD OUTREACH

Our outreach efforts included going door-to-door to notify the community of our upcoming meeting scheduled for June 6, 2017. Also to answer any questions that came up in reference to the project currently being reviewed for rezoning. We had some varied responses to our efforts but overall it was very positive from homeowners, to renters, and business owners. Lawson Newton (attorney for proposed project) contacted the council member (Dan Besse, Southwest Ward) regarding the meeting.
