To Whom It May Concern,

August 24th, 2023

I'm sending this letter to notify the city of Winston Salem that I have visited all neighbors within 200 yards of our church property to discuss our new zoning plans in order to build our ministry into an outreach for our entire community. I talked to each neighbor personally and went into detail about the electric sign we are installing and how a timer would be installed to automatically turn the sign on at 8:00am and will turn off at 8:00pm. Each of them agreed that it would not be a hinderance to them. Most of the neighbors I spoke with were excited about our church's plans to go forward as an outreach to our community. I am attaching an agreement letter for each of our neighbors with their signatures to verify that I have spoken to each of them. Thank you for all your help in this matter.

Sincerely,

Bishop J. E. Dowell

To Whom It May Concern:

We are in the process of installing a sign in our church yard and through our new zoning as a courtesy we are asking all people within 100 yards of our church property for permission to put up the sign. The sign will be at the very end of our church property facing South Main Street. The sign will be used to advertise church events for the community. We are trying to serve our community with new avenues in this time of inflation. Thank you for your cooperation to agreeing that the sign would not be a hindrance to you.

Sincerely,
Bishop J.E. Dowell
