Good Evening Ms. Russ,

Thank you for contacting Council Member Clark & me. Via this email response, I am also sharing your email with the Planning staff member who is working with the referenced case, Gary Roberts.

Subject: Zoning Docket W-3373

Mr. Clark,

I am copying your community assistance liaison, Kemona McCarter here. Thank you both for what you do for Winston-Salem and its citizens. I am proud to be a resident and I thank you for your service.

I am contacting you concerning Zoning Docket W-3373 as I am one of the residents withing 500' of the site of Zoning request W-3373.

I would like to state my disapproval of this request.

My home is across the street from the administrative office of the Messiah Moravian church, the property owner making the zoning request so that the church can put up a new sign. The church is a fine neighbor, and I am sensitive to the fact that they may indeed need to update their signage.

However, I feel very strongly that the kind of sign they propose to install would be a very bad choice in our neighborhood. In fact I think it wouldn't even be appropriate in the area further down Peace Haven at the Robinhood Road intersection. Even among all the retail establishments at that intersection, that kind of sign would be out of place.

I do not believe the fact that I can not attend the meetings at which this topic will be discussed should in any way give lesser weight to my opinion on this matter. I believe I and all my fellow neighbors should have equal input into the matter whether we attend the meetings or not.

As you are my representative, **I respectfully ask that you encourage the Planning Board to NOT ALLOW this zoning change.**

Thank you in advance for your consideration.

Sincerely,
Penny Russ
