Winston- Salem	82	81,5889	8	16

Notes

Some cities of similar size did not participate in the FY 18-19 UNC School of Government Benchmarking Project.

Full-Time Equivalent (FTE) Positions: The number of employees directly involved in providing the service as approved in the annual operating budget during the fiscal year. This number includes both full-time and part-time workers and both permanent and temporary workers. One FTE equates to 2,080 hours of work per year. Any combination of employees providing 2,080 hours of work annually equals one FTE.

Rear loader trucks are operated with two or three people.

Automated trucks are operated with one person.
