COMMIT TO CIVILITY PLEDGE

The way we govern ourselves is often as important as the positions we take. Our collective decisions and governing process will be better when differing views have had the opportunity to be fully vetted and considered. All people have the right to be treated with respect. We value all input because we believe it is important for all to be heard and feel connected to their community which is critical for a healthy and vibrant democracy. We commit to conduct ourselves at all times with civility and courtesy to each other.
