

DENIAL
STATEMENT OF CONSISTENCY WITH COMPREHENSIVE PLAN W-3625
(JOSEPH AND ABBY BARTHOLOMEW, LLC)

The proposed zoning map amendment from GO and GO-S (General Office and General Office - Special Use) to GO (General Office) is generally inconsistent with the recommendations of the *Legacy Comprehensive Plan* and the *Southwest Suburban Area Plan Update (2015)* for ensuring that development does not negatively impact surrounding development. Therefore, denial of the request is reasonable and in the public interest because the request does not include a site plan and therefore all potential off-site impacts of this request cannot be anticipated.
