Summary of Information:

On January 3, 2023, the Mayor and City Council approved a slate of transformational grant programs made available through revenue replacement of American Rescue Plan Act (ARPA) funding. One of the authorized transformational grants was funding to United Health Centers to upfit a new facility to provide high quality health care services. The resolution attachment included language from the original application for a facility to provide services to residents “in the areas surrounding the Northwest Boulevard and Liberty Street neighborhoods.

Prior to the adoption of this resolution by City Council, United Health Centers had requested a change of facility location. City staff accepted an amended application noting the Southeast Plaza Shopping Center area. This was the location of a previous United Health Centers facility. The January 3rd resolution incorrectly included the original location from the original application.

The attached resolution provides for the funding to be used in the Waughtown St and Kernersville Road area. United Health Centers is currently reviewing potential sites adjacent to the Southeast Plaza Shopping Center.
