

5.4.22

Attention to Members of the Planning and Development Board of Winston-Salem concerning Rezoning Case # W-3527 (Milla and Michael Ranieri-Acadia St. Area):

Please feel confident that this will be the best decision you could ever make if you approve this request. I, Elaine Craver, have known and been a frequent patron of this couples' endeavors for at least eight years. These people have character, high standards and will not disappoint. I have visited their home in Old Salem and the board should be excited that this couple will be transitioning to a newly remodeled home that keeps the integrity of the Acadia area. The business part that goes along with this rezoning only enhances this circumstance. I can't imagine a better situation and the Acadia area is on the receiving end of a great opportunity.

(2)

Trust me! Please see fit to comply with this request and one you will never regret. I am more than happy to meet with you personally, if needed.

P.S. I was a school teacher in Davidson County for 34 years and presently retired. I am attracted to quality and that describes Milka and Michael Ranieri. Thank you for reading my letter.

Sincerely -  
Elaine W. Craver
