

Information Item

Date: August 29, 2018

To: The City Manager

From: Catrina A. Thompson, Police Chief

Subject: National Integrated Ballistic Information Network System Update

Strategic Focus Area: Safe and Secure Community
Strategic Objective: Reduce Crime and Fear of Crime
Strategic Plan Action Item: Yes
Key Work Item: Yes

Firearm and Tool Mark Examiner (FTME) Brooke Layne would like to update the City Council regarding the new NIBIN (National Integrated Ballistic Information Network) system, which is in the WSPD Forensic Services Division. The system was purchased in December 2017, and installation completed in May 2018. The system went live on May 2, 2018 and FTME Layne will provide an update regarding our successes.

This update is to keep members of the City Council and the public informed. Please feel free to contact me if you have any questions or comments before the Public Safety Committee meeting. Please contact me at 773-7760 or cthompson@wspd.org.
