1. As a college student, what three issues concern you most in Winston-Salem, and why?

1. Transportation - public transportation locations and availability are limited. Expansion will benefit students.  
 2. Employment opportunities - An attractive business environment and climate will encourage graduates to stay in U.S.  
 3. Social justice and fairness - continue to be a progressive city that promotes social equality.

2. Explain a time when your college/university collaborated with the local community and how this experience benefited both students and the public.

Salem College collaborated with the community to host the Susan G. Komen Race for the Cure. The race helped to raise funds for breast cancer awareness. The event allowed volunteers from Salem College to participate in fund raising and organizing the event.

3. What change/effect do you plan to have on the local community before you graduate?

My goal is to positively impact the Winston-Salem community through service and advocacy that address issues in Winston-Salem.
