I respectfully request that your staff recommends opposition to the Zoning Petition of Psi Delta House Corporation, Docket W-3479. This fraternity has been in total defiance and disregard of Wake Forest University's efforts to control behavior. It is under a four year suspension and keeps breaking the rules of the suspension, thus resetting it. I

would guess that if you check records of our police department you would find a number of complaints as well as criminal behavior associated with it. I can only imagine that the building of a "party venue" would exacerbate these problems. If this request is approved, I think I see more trouble coming. Based on past behavior, the fraternity seems to have no interest in being a good neighbor. The sounds and sights tend to be pretty bad at times.

Thank you for your consideration
