

**City Council – Action Request Form**

**Date:** May 9, 2023

**To:** Mayor, Mayor Pro Tempore, and Members of the City Council

**From:** Aaron King, Assistant City Manager  
Jeff Fansler, Director of Transportation

**Council Action Requested:**

Resolution for Approval of Changes in the State Highway Secondary Road System Within the Existing Corporate Limits of the City of Winston-Salem.

**Strategic Focus Area:** Quality Transportation  
**Strategic Objective:** Improve Integrated Road Network  
**Strategic Plan Action Item:** No  
**Key Work Item:** No

Periodically, the City of Winston-Salem and the North Carolina Department of Transportation (NCDOT) staff review streets located within the corporate limits of the City of Winston-Salem to determine if any streets should be changed from the NCDOT system to the City system or changed from the City system to the NCDOT system. A resolution approving these changes is needed from the City Council to add a street segment to the City system for annual maintenance.

The NCDOT’s five-year warranty on the below segments of Research Parkway and Rams Drive expire on April 20, 2023. These segments must now be transferred to the City of Winston-Salem for maintenance.

A resolution approving these changes is needed from the City Council for consideration by the NCDOT. The changes reflected in this resolution include:

1. 1.08 mi of Research Parkway to be transferred from the NCDOT system to the City System.
2. 0.10 mi of Rams Drive to be transferred from the NCDOT system to the City System.

This transfer will occur following the NCDOT Board of Transportation’s approval. A description and limits for these street segments are attached.
