

DENIAL
STATEMENT OF CONSISTENCY WITH COMPREHENSIVE PLAN
UDO TEXT AMENDMENT 286
AMENDING CHAPTERS A AND B TO CHANGE THE STANDARDS FOR
OUTDOOR LIGHTING

The proposed UDO Text Amendment 286 (“Text Amendment”) amending Chapters A and B to change the standards for outdoor lighting is generally inconsistent with the recommendations of the Legacy Comprehensive Plan, in that the plan calls for developing a lighting ordinance that will address light pollution and spill-over. The proposed text amendment does not adequately address these concerns, as it does not include any standards to prevent light pollution caused by single-family residential development or streetlights. Therefore, denial of the Text Amendment is reasonable and in the public interest.
