Buro Happold Engineering

Job Title

Principal

(Section Break)

Applying for

Community Sustainability Program Committee

What Board or Commission are you currently serving?

None

Please include expiration date

5/28/2025

Why are you interested in serving?

As a resident of Winston Salem with a young family, it is important to me to contribute locally towards improving our home city's capabilities and practices around sustainability. The quality of the environment in

which we exist is a baseline need for Winston's residents. Clean air, clean water, and elimination of pollution are the most essential building blocks for a high quality of life.

My educational and professional background is in engineering, energy, water and sustainability for the built environment, with a focus towards efficiency and decarbonization. I am a licensed Professional Engineer in the state of North Carolina, a LEED Green Associate, and I lead my company's local presence in NC. In my professional career, I have lead the design, construction, and administration of projects in multiple sectors for which sustainability is a top priority. My hope is that my extensive experience within the fields of engineering, construction, and energy will be beneficial for this Committee and its areas of focus as Winston Salem plans and enacts sustainability projects.

If I can provide any additional information in support of my application, please let me know. Thank you in advance for your consideration.
