Hello Mr. Roberts,

I'm in the process of completing the application with the information required for the neighborhood outreach. The application will not allow me to upload (through IDT) or edit the area related to the neighborhood outreach. This area does not have an edit button for corrections. Letters were mailed out to 25 surrounding property owners on June 17, 2020. On June 28, 2020, we held a neighborhood meeting onsite at 3300 Reynolda Road for surrounding property owners to discuss the proposed rezoning. The local councilman was in attendance of the meeting; however no one from the mailing attended the meeting. The meeting was held from 1PM to 3PM in the afternoon. I have attached a copy of the letter that was mailed to the surrounding property owners. I also sent an email to IT support regarding the permission to "edit" within the application.

I apologize for being a bother. If possible please advise. I will continue try the

process. Regards,

Diana Jones
