Subject: Utalization of "old Golds Gym Building"

It has come to my attention that there has been a request to locate a funeral home business in the "old Golds Gym" building location on the 3800 block of Reynolda road. I personally owned the property next door to that building for over ten years from 2000 - 2011 and would recommend that the property be used for some other type of business with less intense traffic use. I currently operate McNeely Pest Control at 3831 Reynolda Road and feel that stopping of traffic to allow for funeral procession on that hillside would present an increase danger to our drivers as well as others in our community.

Thank you very much for considering my request to oppose this!

Scott McNeely
President McNeely Pest Control
