attention:

Mr. Gary Roberts:

I can't imagine that much traffic on Ebert St and that close to a stop light (on Ebert)

Living on Capri Rd. - I already drive to Chelsea to get to Silas Creek and to get away from the stop light traffic on Ebert & Silas Creek if I'm going in the direction of the mall.

My answer to the Hubbard request is no. Even with the church traffic more traffic is blocking an even flow of traffic to get onto Silas Creek.

That type of building doesn't seem to fit into this settled neighborhood and apartments are forever changing to moving in and moving out.

I wonder about school buses stopping in that area? So close to a stop light?
