G-4. Public Hearing and Consideration of an Elected Body Special Use Permit Petition of Concrete Supply Co., LLC (W-3676) for Expansion of Asphalt and Concrete Plant Use in the GI Zoning District; Property Located on the South Side of Lowery Street, Between Stedman Street and Boulder Park Road; Containing Approximately 11.13 Acres (East Ward) [Planning Board Recommends Approval of Petition]

The Mayor explained that this item is a quasi-judicial public hearing regarding a special use permit request to expand an asphalt and concrete plant in a General Industrial zoning district. He outlined the procedures, noting that all speakers must be sworn in, testimony must be evidence-based and relevant to the required findings, and Council may only consider evidence presented at the hearing. He also stated that the applicant bears the burden of proof for certain findings, while the opposition bears the burden for others, and that Council must make affirmative findings on all four standards in order to approve the permit.

Mayor Joines opened the public hearing. The City Clerk, Jayme Waldeck, swore in Chris Murphy and the petitioner. Chris Murphy, Director of Planning and Development Services, presented the item.

Council Member Scippio expressed concern regarding the proximity of the site to Salem Lake and the City's water supply, as indicated on the map, and requested clarification on the issue. Mr. Murphy responded that the proposed site does not drain into the water supply watershed. Although, it is adjacent to Salem Lake, the drainage flows away from the lake and is located downstream of the dam. Therefore, it does not impact the water supply.

The Mayor requested the petitioner come forward:

Timothy Graham, 4336 River Bluff, Denton, NC 27239 stated that the proposal includes utilizing rail transport to reduce truck traffic in the area. He explained that approximately 50 to 60 eighteen-wheeler trucks currently make weekly deliveries of cement, and that shifting these deliveries to rail would significantly reduce roadway traffic and improve public safety. He emphasized that this reduction in heavy truck traffic is the primary purpose of the proposal.

Seeing no one wishing to speak, Mayor Joines closed the public hearing.

Based upon the application, testimony, and evidence presented at the public hearing, Council Member Scippio moved that the City Council affirm the four findings as required by Section 3.2.13(E)(6)(a) of the Unified Development Ordinances; approve the site plan included with the special use permit request, along with the conditions outlined in the special use permit and staff report; and approve W-3676, issuing a special use permit to Concrete Supply Co., LLC for a one-time expansion of its Asphalt and Concrete Plant use in the GI zoning district. The motion was seconded by Mayor Pro Tempore Adams and carried by the following vote:

Aye: 8 - Council Member Andree-Bowen, Council Member Burke, Council Member Clark, Council Member Hall, Council Member Joiner, Council Member Scippio, Council Member Taylor, and Mayor Pro Tempore Adams
