Re: Cases W-3600 and W-3601

Having learned a few minutes ago of a need to have any concerns I have as a resident of Kent Park submitted to you by 5:00 pm today, I am sending this brief email to state my concern about these cases.

Not having been part of any neighborhood meetings about this situation, and only being able to follow evolving information recently and today, **I am urging a delay** to any decisions until more engaged and thoughtful communications can occur, and possible adjustments be defined and considered. If the proposed cases are as harmful to our community as I am hearing from neighbors, there needs to be thoughtfully negotiated adjustments so that all property owners, including the petitioner, can be fully acknowledged, and heard.

Our community is one of good people and people of good will; all deserve this consideration to find acceptable outcomes.

Many thanks for your dedication to our community, its future harmony, and for your consideration of this suggestion.
