Subject: [EXTERNAL] Rezoning Petition W3529

Attention Planning Board

This letter is to inform you that Dewey and Betty Kiger oppose the rezoning from single family to multifamily housing. Our opposition is related to the safety or rather lack of safety that the increase in traffic on Lockwood Dr. will create.

Our three children have outgrown the need for bicycle and skating routes. We have four precious grandchildren who visit and use Lockwood Dr. and surrounding roads for healthy outside activities. We grandparents also frequent safe walking routes.

We do not have sidewalks required to facilitate Aging -in-place activities.

If rezoned as proposed the character of our neighborhood will change significantly.

Please maintain the current zoning for single family homes.

Betty N. Kiger
2561 Lockwood Dr. 27103
336-765-5285
