Subject: Rezoning docket W-3577

As longtime residents of the community, we are protesting the rezoning for apartments.. This is a residential neighborhood and is no place to put apartments. The traffic in and out will cause a big problem let alone the increased crime, foot traffic, and safety of the current residents. We take walks around the neighborhood and it will not be safe with the additional traffic coming in and out. It is a known fact that apartments bring more crime especially low income apartments. I know the city just wants more revenue but please consider the problems these apartments will cause to the existing neighborhood. I'm sure the developers can find a more suitable location for their apartments. We want to keep our neighborhood like it is so we are asking that you please deny this zoning request.
