

City Council – Action Request Form

Date: June 19, 2017

To: The City Manager

From: Jerry Bates, Purchasing Director

Council Action Requested:

Adoption of Resolution Awarding a Purchase Order for the Purchase and Installation of a Truck Mounted Closed Circuit Camera System.

Summary of Information:

The Stormwater Department has need to purchase and install a new truck mounted CCTV camera system box (See Exhibit A) onto a previously-purchased new chassis for use by Stormwater crews to perform sampling, impervious surface inspections, and illicit discharge investigations. The Stormwater Department has requested the EnviroSight Rovver X truck system which includes the RX130 Crawler with backeye camera because of its durability, has simpler and more user-friendly technology than competitor's brands, and is compatible with existing equipment in use by Stormwater and City/County Utilities. Public Works Equipment and Supply, Inc., the sole source provider for EnviroSight Rovver X truck system and located in Monroe, N.C., has provided quotations for the purchase and installation of the EnviroSight Rovver X truck system which includes the RX130 Crawler with backeye camera totaling \$130,231.21. It is recommended that a purchase order be awarded to Public Works Equipment and Supply, Inc. in the total amount of \$130,231.21 for the purchase and installation of this equipment.

This recommendation is based upon provisions of N.C.G.S. 143-129(e) which provides that formal bid requirements do not apply to purchases of apparatus, supplies, materials, or equipment when: a needed product is available from only one source of supply or when standardization or compatibility is the overriding consideration.

The City's FY 2016-17 capital equipment budget includes sufficient funds for this purchase. Funding for the lease payments is available in the Stormwater Enterprise Fund.

M/WBE COMMENT: Public Works Equipment and Supply, Inc. is the sole source provider for this equipment.

Workforce Demographics: See Exhibit B
