City Council – Action Request Form			
Date:	May 14, 2018		
То:	The City Manager		
From:	Gregory M. Turner, Assistant City Manager S. Kirk Bjorling, Real Estate Administrator		
Council Action Requested : Consideration of a Resolution Authorizing Acquisition of Temporary Access Easements for the High Cliffs Road Emergency Access Acquisition Project by Deed or Condemnation (North Ward)			
Strategic Focus Area: Quality Transportation Strategic Objective: Improve Integrated Road Network Strategic Plan Action Item: No Key Work Item: Yes			
Summary of Information:			
On Tuesday, May 1, 2018, Staff from the City of Winston-Salem were notified of a structurally deficient bridge on High Cliffs Road by a North Carolina Department of Transportation (NCDOT) bridge inspections team. Support structures on this City maintained bridge have deteriorated over time, which significantly reduced the load capacity of the bridge for vehicular travel. As a result, traffic control measures were put in place and the bridge was posted to allow vehicles less than 3 tons to use the bridge while a repair strategy is developed. This bridge serves as the only public access for sixteen property owners on High Cliffs Road. A private access drive runs from Lakeview Drive over to High Cliffs Road which can serve as temporary access for these property owners as well as emergency services and sanitation vehicles while the bridge is under construction. It is necessary that the City of Winston-Salem acquire the access are based on appraised values. If the property owner rejects the offer based on appraised value, then condemnation is authorized based on that appraised value. This procedure will help decrease the potential for delays on the project.			
herein by deed or condemnation. Committee Action:
